IRON HANDS: THE FLESH IS WEAK

The Iron Hands seek transcendence through the replacement of their mortal flesh with cybernetics and metal augments. Such extensive modification renders them extremely difficult to kill.

Roll a dice each time an **IRON HANDS** model with this tactic loses a wound. On a 6, the damage is ignored and the model does not lose a wound.

SALAMANDERS: MASTER ARTISANS

The Salamanders are peerless craftsmen, capable of forging weapons of astounding quality and lethal power from the furnaces of Nocturne.

You can re-roll a single failed hit roll and a single failed wound roll made for a **SALAMANDERS** unit with this tactic each time it shoots or fights.

BLACK TEMPLARS: RIGHTEOUS ZEAL

True believers in the Imperial Creed, the Black Templars wish for nothing more than to slaughter the heretic and the xenos in the name of the God-Emperor.

You can re-roll failed charge rolls for **BLACK TEMPLARS** units with this tactic.

WHITE SCARS: LIGHTNING ASSAULT

The White Scars are true masters of the hunt. Theirs is the primal fury of the storm, the scent of prey upon the wind. None can escape their righteous justice.

Whenever a **WHITE SCARS** unit with this tactic Advances it moves an extra 2" in addition to the distance rolled (**BIKER** units with the Turbo-boost ability therefore move an additional 8" when Advancing). In addition, **WHITE SCARS** units with this tactic can still charge in a turn in which they Fell Back.

IMPERIAL FISTS: SIEGE MASTERS

None are as well versed in siege warfare as the Imperial Fists. No fortress world is safe from their pinpoint bombardments and disciplined fusillades of bolter fire.

Enemy units do not receive the benefit to their saving throws for being in cover against attacks made by **IMPERIAL FISTS** models with this tactic. In addition, you can re-roll any failed wound rolls for **IMPERIAL FISTS** units with this tactic when they are targeting a **BUILDING**.

RAVEN GUARD: SHADOW MASTERS

From the shadows strike the Raven Guard, emerging with dizzying swiftness to gut the foe before they have a chance to react.

Your opponent must subtract 1 from any hit rolls when shooting at **RAVEN GUARD** units with this tactic if they are more than 12" away.

ULTRAMARINES: CODEX DISCIPLINE

The sons of Guilliman hold the tenets of the Codex Astartes as sacrosanct. In the fury of combat its wisdom guides them as they outmanoeuvre and overpower the foe with lethal precision.

Add 1 to the Leadership characteristic of all **ULTRAMARINES** models with this tactic. In addition, **ULTRAMARINES** units with this tactic can still shoot in a turn in which they Fall Back, but if they do so you must subtract 1 from their hit rolls in the Shooting phase.
